Just email me at This email address is being protected from. Using Math to Juggle? - Juggling Experiments | HowStuffWorks How Juggling Works. Jugglers write site-swaps as a series of numerals representing how many beats each toss will take from throw to catch, which translates into how high each throw must be made in the pattern. Jugglers notate a normal three-ball cascade as 333, since each throw takes three beats. The Mathematics of Juggling For example, the sequence 21 leads to both balls landing simultaneously in the same hand (although more complicated variants of site-swap notation permit more than one ball to be caught or thrown at the same time, a feat jugglers call multiplexing.

Juggling, maths and a beautiful mind | plus.maths.org Mathematical jugglers refer to strings of numbers such as 3 and 5,1 as juggling sequences or site swaps. Juggling sequences are for juggling what musical scores are for music. Juggling sequences are for juggling what musical scores are for music. Urban Dictionary: juggler Jugglers are most of the time math lovers and geeks of several kinds, but can also be art freaks. Note: Most jugglers have nothing to do with circus or clowns , so don't bother asking. When one performs eating the apple while juggling then he can be referred to as a clown.
